#### **ICASA publishes notice on the completion of the licence conversion process**

JOHANNESBURG - The Independent Communications Authority of South Africa has published a notice of the converted Broadcasting Services, Electronic Communications Services, Electronic Communications Network Services in terms of section 93 of the Electronic Communications Act.

As spectrum licences are renewable on an annual basis, the Authority has resolved not to include those in this process as they have already been aligned with the Act. However, the Authority will include in this process those spectrum licences which are affected by the re-positioning of obligations

The licensees are hereby notified to collect their licences from ICASA Head Office or Regional Offices from 16 January 2009. No converted licence will be e-mailed to licensees. A complete list of all converted licences will also be available on the ICASA website ([www.icasa.org.za](http://www.icasa.org.za))

The list is also available from ICASA library at the Head Office, Block D, PinMill Farm, 164 Katherine Street, Sandton.
