Dear Sir

RE: ICASA'S DRAFT CALL TERMINATION REGULATIONS

- 1 MWEB would like to thank the authority for the opportunity to make representation on the draft call termination regulations.
- 2 MWEB supports the draft regulations and the Authority's proposals on the reduction in call termination rates.
- 3 MWEB would further encourage the Authority to move speedily in finalizing the regulations as the current rates are exceptionally high and a barrier to effective competition.
- 4 Please do not hesitate to contact us should you require any clarity in this regard.

Yours sincerely
