1. INTRODUCTION

ICASA plans to license the available spectrum in the 700 MHz, 800MHz and 2.6 GHz bands and therefore the services of a consultant are required to assist in the development of auction rules and provide assistance with determination of economic value, (fair value) of spectrum in the aforementioned bands and drafting of the Invitation to Apply (ITA). The project will run for three (3) months.

It is the intention of the Authority to follow a hybrid model, i.e. a combination of a beauty contest and sealed bids should there be more applicants than available spectrum. The mentioned bands are both in high demand and it is expected that there will be more applications than the available spectrum.

Project Objectives

- To assess the different auction models as an assignment mechanism, give guidance and design auction rules based on the auction format proposed by ICASA in the draft spectrum assignment plan.
- To determine the fair value of high demand spectrum (i.e. 700, 800 and 2600 MHz bands) with the intention of setting the reserve price
- To give advice and guidance in the licensing process of the high demand spectrum and all relevant conditions
- To determine and draft the Invitation to Apply (ITA)

1.1 Purpose of the bid

The Independent Communications Authority of South Africa (hereinafter referred to as “the Authority”) intends appoint a service provider to assist ICASA with determining the fair economic value of the 700, 800 and 2600 mhz bands and advise and develop rules for market-based assignment and licensing models.

Should it be necessary for a bidder to obtain clarity on any matter arising from or referred to in this RFB document, please refer your enquiries, in writing, to the contact person(s) listed below. ICASA reserves the right to place responses to such queries on the website.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancels a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
