1. The Independent Communications Authority of South Africa (the "Authority" / "ICASA") hereby notifies you of the release of the International Telecommunication Union ("ITU") World Telecommunication/ICT Indicators long questionnaire 2023 on telecommunications statistics.
2. The ITU collects data for World Telecommunication/ICT Indicators from member-countries (through their communications regulatory authorities or ministries) by means of two annual standard questionnaires (i.e., the Short and the Long Questionnaires).

3. The data collected is used to update the World Telecommunication/ICT Indicators database, which is the basis for ITU's statistical publications, including the Yearbook of Statistics and the World Telecommunication/ICT Development Report.
4. The Authority requests you to complete the attached questionnaire to assist in collating statistics on the South African telecommunications sector as required by the ITU.
5. Kindly submit the completed questionnaire by **Friday, 06 October 2023** to Mr. Vincent Nesengani, Lead Statistician on ictindicators@icasa.org.za
